FAQ

Is this a competitive event?

No, it is not. Entrants should expect invigorating driving along 1000 miles of beautiful roads. In fact, keeping your eyes on the road, given the fascinating scenery that you will be passing, might prove more challenging than you would think!

How often does this rallye take place?

It takes a lot of time and effort to organize such an event, which is why we hope to keep this an annual tradition.

Shall I attend?

Yes, it will be an unforgettable adventure! Plus you will get to tell everyone about the treasures of Germany at your next cocktail party.

What's unique about this rallye?

Driving from the vibrant city of Hamburg all through the German country towards the Alps and further on to Monte-Carlo in your classic or sport car sounds like an adventure to remember for a lifetime.

How do I apply?

Very simple, just fill out the application form and sent it to us via e-mail or fax.

When does the application window open and close?

The application window opens February 15th, 2020 and stays open until April 15th, 2020. Later applications will be accepted upon availability. We are accepting and approving entrants on a regular basis, so please apply early and with your best toy for best chances.

Is a tourist visa required to visit Germany?

Generally speaking no. Visitors from countries the such USA, Canada, UK, EU, etc. are all exempt. Some visitors from India, Africa, and East Asia require a visa. Contact us if you have a question regarding visitor visa.

How do I get my car over to Germany?

Getting your beloved car to Germany is surprisingly easy. You have the choice of either sea or air freight. Do not hesitate to contact us if you need assistance with your car transportation.

Tell me about the tour food and lodging?

Without boasting the best food and lodging that we could find along the route! Each hotel and food provider has been selected by us to prove you a real highlight.

We are very attentive to special dietary requirement any participant might have. Contact us if you require more information.

When do we start and finish?

We begin our tour from Hamburg on Sunday, May 3rd 2020 and will finish on Friday, May 8th, 2020 in Monte-Carlo/Monaco. You have the option to stay in Monaco for the weekend to attend the Grand Prix Historique (Historique F1 races). Please let us know if you wish accommodation and entry passes! We will organize an extra package for participants of the GERMANY 1000 Tour!

How challenging is the course set to be?

We wanted to make sure participants can enjoy their cars, thus we chose sections and roads that are challenging, twisting and -most importantly- the best that Germany can offer. Expect reasonably long driving days on first-class roads segments.

FAQ

Will there be mechanical help during the rallye?

We will have basic mechanical service/towing service on demand throughout the rallye. If you have specific questions or concerns we encourage you to contact us in advance.

Will the cars be secured when they are parked?

Yes, at all the hotels where we stay overnight there will be a private, secured parking area dedicated only to the tour's cars.

What time zone is Germany on?

We are UTC+1/+2. In May 2020, we will be UTC+2 because of the Daylight Saving Time. For example we will be 1 hour ahead of London UK, 6 hours ahead of the East Coast of the USA and 9 hours ahead of the West Coast.

Tell me about the climate in Germany during May 2020?

Participants should expect reasonably temperate weather along the tour, with temperatures ranging from 12 to 20 centigrade. During the evening, temperatures drop. We cannot guaranty no rain during the tour. If we are lucky, we will enjoy beautiful sunny spring days with up to 25 degrees.

Will people be able to speak my language?

If you speak English, French, Spanish, or German, we assure that you will have conversation buddies along the journey. Germans are relatively fluent in English, so expect little trouble.

Traffic rules, what can I expect?

We drive on the right side of the road, stop on red, pass traffic only when it is allowed and other usual things. All traffic measures in Germany are on a metric basis (KM, KPH, Meters). Be aware that there may be also speed limits on the Autobahn! Keep smiling, in case you hit a speed control.

Currency, credit cards, ATM, how do I pay for things?

Easy! First, the local currency is the Euro. You can convert most major currencies at most bank branches. ATM and credit cards are widely used. VISA and MASTERCARD cards are very welcomed. AMEX, Diners work at fewer establishments. You can pay for fuel in currency or by credit card. As part of your entry fee, lodging, breakfast, lunch and dinners are fully covered.

Fuel - details, please?

In Germany, all fuel is Unleaded, and carry a rating of either a European (RON) of 95 or 98 octanes. For our North American participants, this is equal to US pump rating (AKI/PON) of 92 and 94 respectively.

Obligatory insurance:

Every car on the road MUST carry obligatory third party insurance.
